

### Feature:

1. Material: Aluminum alloy
2. Screws: Stainless steel
3. Surface: High-voltage Electrostatic powder spraying
4. With Explosion proof push buttons
5. Or equipped with ammeter to monitor status of equipment.
6. Remark: Open to customized.

### Application:

1. Scope:
  - Zone 1 & 2, IIA~IIC area with explosive
  - Zone 20 & 21 & 22 with flammable dust
2. Temperature Rate: T1-T6
3. Indoor, outdoor
4. Used in chemical industry, Petrochemical Plant, oil rig etc. for connection of electric system.

### Specification:

1. V/A: 220/3.5
2. Exd Mark: Exed II BT6
3. Inlet: G3/4"
4. Protection level: IP55
5. Dimension: 98 x 84 x 123 (mm)
