

F-12VB-M

ACCESS CONTROL ENCLOSURE WITH BACKUP POWER SUPPLY

Product Features

- Suitable for access control panel.
- Built-in backup battery charger.
- High performance simple interface power supply.
- Adjustable output voltage range 11~14V.
- Enclosure can accommodate 12V7A back up battery.
- In-built fuse for auto protection and power switch.
- Stable voltage output.

Technical Specification

Model	F-12VB-M
Input Voltage	220~240VAC/50HZ
Output Voltage	11~14VDC
Output Current	5A
Output Power	60W
Operating Temperature	-20°~60°C
Operating Humidity	≤90%
Dimensions	374×262×67(mm)
Weight	4Kg
